Bid Number: NA

Bid Title: Request for Qualifications (RFQ) Yard Waste Disposal & Processing Services

Category: Public Works, Parks & Streets

Status: Open

Additional Status Information: NA

Bid Recipient: Jennifer Jacobs: jjacobs@buffalony.gov

Description:

The Department of Public Works, Streets & Sanitation Division is soliciting proposals for qualified, licensed organic

waste management and composting vendors to provide comprehensive yard waste disposal, hauling, or processing

services for the City of Buffalo. The goal of this RFQ is to establish a contract with a reliable partner ensuring

environmentally compliant, cost-effective disposal of seasonal organic waste. The initial contract period is

anticipated to be a five-year base term with an optional two-year renewal. However, the City welcomes professional

recommendations. Proposers are encouraged to propose an alternative timeline if they believe a different time

frame would better optimize project outcomes, resource allocation, or cost efficiencies.

Plan Holders List:

NA

Qualifications:

The Contractor should provide (Does not count toward the page total):

1. Schedule B: A completed fee proposal for each scope option.

2. Professional recommendations if applicable.

3. Proposers are encouraged to propose an alternative timeline if they believe a different timeframe would better optimize project outcomes, resource allocation, or cost efficiencies.

Special Requirements:

The selected vendor will be responsible for handling organic yard waste, which includes but is not limited to: leaves,

brush, tree branches, limbs, and stumps. Specific tasks include:

Acceptance / Collection: Provide open facility access for drop-offs originating from the City of Buffalo.

Processing & Composting: Ensure 100% compliant organic processing (composting, mulching, or biomass

conversion) avoiding standard landfill disposal where possible.

Regulations: Comply with all New York State Department of Environmental Conservation (NYSDEC) Part 360 solid

waste management regulations.

Reporting: Deliver monthly volume reports (measured in tons or cubic yards) detailing total waste processed.

Miscellaneous:

NA
