REQUEST FOR PROPOSALS:

Maine Municipal Planning & GIS Consultants

Raymond, Maine — Open Space Plan Update

PDF proposals due October 16, 2026, at 10:00 a.m. Eastern—two weeks before the Town's October 30 deadline.

I am seeking a qualified Maine municipal planner and GIS specialist—or a firm providing both—to join a proposed team updating Raymond's 2009 Open Space Plan and aligning it with the 2025 Comprehensive Plan.

This is a prospective paid consulting/subconsulting opportunity, contingent on Town award and an agreed contract. It is not a Town employment vacancy; no award has been secured.

SCOPE

- Review plans and update open-space/natural-resource inventories.
- Develop GIS datasets and conservation, recreation, stewardship and connectivity maps.
- Support public outreach, an early community session and prioritized implementation/funding recommendations.
- Support Conservation Commission review and Select Board presentation.

QUALIFICATIONS

- Comparable planning experience for Maine municipalities of similar size and character.
- Knowledge of Maine land-use, conservation and municipal planning.
- GIS analysis, cartography, metadata and Town-compatible deliverables in Maine State Plane, NAD83, feet.
- Public-engagement skills, availability and applicable insurance.

Planning, GIS or combined proposals welcome. Remote analysis is anticipated; in-person needs remain subject to confirmation.
