REQUEST FOR PROPOSALS
4-Year On-Call Water Loss Response

I. INTRODUCTION AND BACKGROUND

The City of Alameda invites proposals for a ***4-Year On-Call Water-Loss Response Contract***. The intent is to efficiently, safely, and promptly provide emergency response, leak source investigation, water extraction, structural dry-down, moisture monitoring, and necessary plumbing/leak repairs to preserve and protect City facilities, minimize property damage, and ensure compliance with regulatory standards and environmental health guidelines. The City intends to issue one four-year contract for these services, to be used on an as-needed basis.

Proposers shall read the information contained in this Request for Proposal (RFP) to understand how to submit the proposal, what documents must accompany the proposal and what legal obligations apply when the Proposer submits a proposal. Any Proposer that wishes to be considered for this work must submit the information requested in this RFP and if invited, participate in an evaluation interview panel.

II. SCOPE OF SERVICES

The City of Alameda is a charter city with a population of over 75,000 people, located in the San Francisco Bay Area. The City is mature and almost completely built out. Most of the maintenance and capital improvement program (CIP) consists of reconstruction of buildings, streets, parks, sewer, storm drainage, and shoreline improvements. The City has limited internal resources for water-loss emergency response requests.

The City of Alameda Public Works Department maintains approximately 76 City Owned Facilities, including City Hall and City Hall West, Alameda Free Library buildings, Recreation and Parks Buildings, Police and Fire. The Public Works Department, Facilities Management team is seeking a qualified contractor to provide on-call emergency water-loss mitigation, water-intrusion source investigation, leak repair, structural drying, and restoration services to protect facility interiors and building systems from water-loss events. The selected contractor shall maintain the capability to receive and respond to emergency service requests outside of normal business hours, including evenings, weekends, and holidays, as circumstances require. Contractors are expected to monitor and respond to City service requests diligently and as promptly as reasonably practicable, giving appropriate consideration to the nature and severity of the reported condition, weather conditions, site access, safety considerations, and the availability of necessary personnel, equipment, and materials. Upon notification by City personnel of an active or suspected water intrusion, the Contractor shall investigate the reported condition, identify the source or likely source of the water intrusion, and provide appropriate temporary mitigation, repair, drying, and restoration services as authorized by the City.

Attached as Appendix A is the Scope of Services listing major work tasks that may be requested. The City's usage of the vendor's services are on an as-needed basis so that if the demand is not

there, then the services will not be requested. For each on-call service request, the vendor and the City will agree upon the specific scope of work and cost for that project. The City has the right to retain other consulting firms at its sole discretion when the City believes there will be an economic or other significant advantage for doing so. Services for each contract will be provided on a negotiated fee basis, per work order. No minimum amount of work is guaranteed under these agreements. Compensation will be based on time and materials with a not-to-exceed limit agreed upon by both Vendor and City before work begins.

III. PROPOSER QUALIFICATIONS

A. Bidder must be regularly and continuously engaged in the business of providing Water-Loss Emergency Response services for at least five (5) years, which must be clearly stated or demonstrated in the bid response.

B. Bidder must also possess all permits, licenses, and professional credentials necessary to supply products and perform services specified under this RFP. Unless noted otherwise in the RFP, including any Addendum, Bidder is not required to submit copies or verification of the permits, licenses and credentials; however, Bidder must provide such proof if requested by the City.

IV. PROPOSAL REQUIREMENTS

The Proposer shall include in its proposal the information outlined below in a manner which demonstrates the Proposer's competence and qualifications for the satisfactory performance of the services identified in this RFP.

1. Statement of Qualifications

The Proposer shall prepare a statement of qualifications which identifies:

- a) The size, stability, and capacity of Proposer's organization, including, at a minimum, an identification of total number of years in operation, number of employees in the office location which is intended to provide the services described in the Scope of Services, and a description of Proposers' shop and storage facilities intended to support the City.
- b) An identification of the Proposer's experience performing services for projects of a similar size, scope, and complexity as the services required by this RFP, including an identification of the number of years' Proposer has been performing similar services; and the most recent projects for which the Proposer has performed similar services. The list of recent projects shall include the name, contact person, address, and phone number of each party for whom the service was provided, as well as a description of the service performed, the dollar amount of the contract, and the date of performance.
- c) A list of the Proposer's principals, employees and agents which the Proposer intends to assign to this project. This list shall include a summary of the qualifications

(including education, training, certifications licenses, and experience) of each individual; the approximate number of hours each will devote to the contract; and the type of work to be performed by each individual.

d) The following information on all state or federal litigation in which Proposer or any proposed subcontractor was a named party, or worked under contract with a party named in a lawsuit:

1. Case name and case number
2. Case location (including county and state for state litigation, or district for federal litigation)
3. Year case was filed
4. Whether case is pending or resolved, and outcome (if any)
5. Description of the case (i.e., type of case, whether case is typical, what claims were alleged against Bidder or subcontractor)

2. **Statement of Exceptions, if any, to Standard Service Provider Agreement.**

The selected firm will be required to execute the Service Provide Agreement included in template form as **Appendix B**. All proposers are directed particularly at reviewing all Indemnification, Hold Harmless and Insurance requirements set forth in this Agreement. If Proposer wishes to take exception to any of the terms and conditions contained in the Agreement for Service, these should be identified specifically; otherwise include a statement of no exception, labeled as Exhibit B in the submitted proposal. Failure to identify contractual issues of dispute can later be the basis for the City disqualifying a proposer. Any exceptions to terms, conditions, or other requirements must be clearly stated.

3. **Project Pricing**

Prepare an hourly rate sheet or cost / fee schedule for all possible work unit pricing. Define each unit of service and list any exclusions for each work type. Be sure to include a unit cost for each activity presented in the Work Plan. Unit costs shall include all incidental costs including travel, equipment, documentation, etc.

V. PROPOSAL FORMAT

The Proposal shall be submitted in electronic format (PDF) to the City of Alameda's Public Works general mailbox at pw@alamedaca.gov by 2 p.m. on October 15, 2026. It is the Proposer's responsibility to clearly identify the RFP name in the email subject line "RFP for 4 Year On-Call Water-Loss Response". It is also the Proposer's responsibility to acknowledge and respond to the automated response message from the City of Alameda so that the email is released from the City's spam account. The City shall not be held liable for negligence on the Proposer's part to confirm acknowledgement or failure to respond to the automated message. The time and date on the email, as received in the City's general mailbox, will serve as the official received date and time stamp. Please allow sufficient time to submit and acknowledge the submittal of your

proposal. RFP's with a time stamp after 2 p.m. will not be accepted. Any Proposal received prior to 2 p.m. on October 15, 2026 may be modified by written addendum or withdrawn by written request from the Proposer to the City up to the official time when all proposals are due. Section VI contains a complete list of proposal requirements.

VI. SELECTION PROCESS

After review of the submitted proposals, the City may invite some or all proposers to present their qualifications and proposed approach or may decide to select one proposer without conducting interviews and enter contract negotiations directly. Proposer interviews, if necessary, are anticipated to be conducted according to the schedule provided in Section VIII. Details of the interview process will be provided along with the invitation to present.

The final selection will be based upon the following criteria:

1. Ability of the Proposer to Carry Out and Manage the Proposed Project – 25%

An assessment of the statement of qualifications, including past experience of the organization in general. Qualities and indicators that will receive consideration include the number and types of projects the organization or its employees have completed; the variety of projects completed and a demonstration of the organization's ability to undertake this project; and the demonstrated ability to work with governmental bodies and a full understanding of applicable laws or regulations that relate to the project.

2. Qualifications – 25%

The qualifications (including education, training, licenses, experience, and past performance) of the Proposer and its agents, employees, and sub-service providers. The City may consider Proposer's timely and accurate performance on contracts of a similar nature.

3. Willingness to Comply with the Proposed Agreement Terms – 25%

A sample agreement is attached. Proposals will be rated based on the exceptions taken to the proposed contract.

4. Cost of Proposal – 25%

Cost, while not determinative, will be considered in the selection process. The submitted proposal shall include a rate sheet.

5. Local Business

The application of this criteria shall include an assessment of the geographic proximity to the project; the location of the office from which the proposed project will be administered; the perceived response time and general availability of the proposer's management to be on site; the perceived effect that project management location will

have on price and the ability of the project to be expedited on a timely basis; and the availability of special travel or communication plans which would effectively mitigate difficulties associated with location. Firms located in the City of Alameda, or who have a team member who lives in Alameda, may be given local preference.

Work may include temporary repairs, isolation of plumbing or other water sources, sealing of openings, temporary weatherproofing, repair of roof or building-envelope

components, or other measures appropriate to the source of the water intrusion.

- c) Progress Documentation: Maintain photographs, moisture readings, equipment information, and other documentation reasonably necessary to demonstrate the progress of water extraction and structural drying.
- d) Drying Progress Reports: Provide the City with periodic progress updates during active drying operations. Reports shall identify work performed, current

conditions, equipment deployed, moisture readings, areas remaining affected, and any issues requiring City direction or authorization.

However, claims for money against the City under this Agreement may be assigned by Provider to a bank, trust company or other financial institution without prior written consent.

Such Records, together with supporting documents, shall be kept separate from other documents and records and shall be maintained by Provider for a period of three (3) years after receipt of final payment.

d. If supplemental examination or audit of the Records is necessary due to concerns raised by the City's preliminary examination or audit of records, and the City's supplemental examination or audit of the records discloses a failure to adhere to

appropriate internal financial controls, or other breach of this Agreement or failure to act in good faith, then Provider shall reimburse the City for all reasonable costs and expenses associated with the supplemental examination or audit.
