

**REQUEST FOR PROPOSALS
FOR**

**CITY OF SOLVANG
ADVANCED METERING INFRASTRUCTURE (AMI)
INSTALLATION PROJECT**

Issue Date: September 30, 2026

Due Date: November 17, 2026

1.0 Notice Inviting Proposals

The City of Solvang (City) hereby invites qualified, experienced, and financially responsible firms to submit sealed proposals to provide a complete Advanced Metering Infrastructure (AMI) system for the City's water utility. The selected proposer shall furnish all labor, materials, equipment, software, integration services, and support necessary to deliver a fully operational AMI system that meets the requirements of this Request for Proposals (RFP).

The City intends to award a single contract under a performance-based Design-Build delivery method. The City reserves the right to reject any or all proposals, waive informalities, request clarification of proposals, and award a contract in the best interest of the City.

Proposal Submittal Deadline: Submit before 2:00 p.m. on **November 17, 2026**

Proposal Submittal Location: City Hall Attn: Jose Acosta

City of Solvang Contact: Jose Acosta, Utility Director
jacosta@cityofsolvang.com
805-688-5575 ext.222

The submitted Proposal from each Contractor will be reviewed and evaluated by a City review committee to determine the most qualified Contractor that provides the best overall value and long-term benefit to the City.

2.0 Background & Existing Conditions

The City currently operates a Sensus-based Automated Meter Reading (AMR) system utilizing drive-by radio data collection. The system includes a mixed population of meters of varying ages and types, with associated endpoint devices that function on a proprietary basis.

The existing system does not provide real-time or high-frequency data, lacks a fixed communication network, and does not support modern analytics or customer engagement tools. The City desires to upgrade its system to an advanced, fixed-network AMI system that improves data accessibility, enhances operational efficiency, and supports long-term planning and conservation objectives.

The City utilizes Tyler Technologies (Incode) as its utility billing platform, which supports integration with AMI systems through standard interfaces.

3.0 Project Objectives

The primary objective of this project is to implement a comprehensive, City-owned AMI system that transitions the City from its existing AMR infrastructure to AMI, either through reuse, retrofit, phased replacement, or complete replacement, as demonstrated to provide the best long-term value. The system shall provide frequent and reliable meter data collection, support integration with the City's billing system, and enable future expansion into advanced utility management tools.

The City seeks to improve billing accuracy, reduce non-revenue water, enhance leak detection capabilities, and provide customers with access to timely water use information. The system shall be scalable and support future integration with sensors, analytics platforms, and other smart water infrastructure.

The City places a high priority on maintaining ownership of all system infrastructure and data, ensuring interoperability, and avoiding long-term dependence on proprietary vendor-controlled platforms.

4.0 Scope of Work

The Contractor shall provide a full turnkey AMI solution. The work shall include system design, procurement, installation, testing, commissioning, training, and ongoing support.

The Contractor shall evaluate existing Sensus meters and determine compatibility with proposed AMI endpoints. Where feasible, existing meters may be retained; however, the Contractor shall ensure that the final system meets all performance requirements regardless of reuse strategies.

The proposer should provide:

1. Maximum reuse of existing meters with AMI endpoints/network;
2. Phased meter/endpoint conversion while AMR and AMI operate concurrently; and
3. Complete system conversion/replacement if the proposer believes that provides superior lifecycle value.

The Contractor shall design and install a complete fixed communication network, including Data Collector Units (DCUs), backhaul communications, and network management systems. The system shall provide reliable coverage across the entire service area.

The Contractor shall furnish and install all necessary software systems, including head-end systems and data management tools, and ensure seamless integration with the Tyler Technologies billing system. The Contractor shall provide all necessary training, documentation, and post-installation support services to ensure successful operation of the system by City staff.

4.1 Existing Meter Inventory

The City's existing water meter inventory consists of approximately 2,220 meters distributed across a range of manufacturers, models, and sizes. The system is predominantly composed of small-diameter residential meters, with 5/8-inch meters representing the majority (approximately 1,500 units, or about 68%), followed by 3/4-inch meters (450 units). Larger commercial and industrial meters (1-inch and above) make up a relatively small portion of the system.

As shown on both tables on the right, the inventory is highly concentrated in iPerl meters. These account for the majority of installed units, with additional representation from Sensus, Kamstrup, Rockwell, Neptune/Omni, and other legacy or miscellaneous brands. A limited number of meters are classified as unknown or lack complete records. The meter population reflects a mixed-age and mixed-technology system, including both newer solid-

Size	Count
5/8"	1500

	S SUB	1
Unknown	Unknown	1
Sum of Total		2220

state meters (e.g., iPerl and Kamstrup) and older mechanical meters. This diversity introduces variability in compatibility with AMI endpoints and data performance.

Proposers shall use this inventory information to:

1. Evaluate compatibility of existing meters with proposed AMI endpoint technology
2. Identify meters suitable for retrofit versus replacement
3. Develop a cost-effective and technically sound deployment strategy
4. Ensure system-wide performance requirements are met regardless of meter reuse

The inventory counts are provided for proposal development, and bidders are responsible for verifying compatibility assumptions. Bidders must also clearly identify which meter model/registers/endpoints have been validated versus those merely anticipating compatibility.

The City does not require full meter replacement; however, the Contractor shall clearly identify any meters that must be replaced to achieve the required AMI functionality, accuracy standards, and long-term reliability.

5.0 Technical Requirements

The AMI system shall meet high standards of accuracy, reliability, and performance. The system shall achieve a minimum read success rate of 98 percent or greater under normal operating conditions. The preferred communication architecture is a fixed radio frequency (RF) mesh network owned and operated by the City. Proposers may include hybrid solutions incorporating cellular communication where appropriate, particularly for remote or low-density areas.

The system shall support hourly or more frequent meter data collection intervals. Data shall be securely transmitted and stored with appropriate redundancy and backup systems.

All system components shall include appropriate redundancy, power backup, and failover capabilities to ensure continuous operation.

Proposers shall provide a preliminary propagation/coverage analysis, proposed number and locations of DCUs/gateways, redundancy assumptions, backhaul requirements, City infrastructure needed, and anticipated coverage/read-success rate.

The system shall be designed with open architecture principles and support interoperability with third-party systems and devices.

6.0 Cybersecurity and Data Ownership

The Contractor shall implement cybersecurity measures consistent with industry standards to protect system integrity, confidentiality, and availability. Measures shall include encryption, authentication controls, software and firmware updates, data backup, disaster recovery, cybersecurity incident response and secure data transmission protocols.

Upon termination or expiration of the agreement all data generated by the AMI system shall remain the sole property of the City. The system shall allow for full export of data in non-proprietary formats and provide reasonable assistance necessary to transition data to another platform or service provider.

7.0 System Integration

The Contractor shall provide full integration between the AMI system and the City's Tyler Technologies (Incode) billing system. Integration shall enable automated transfer of meter data into billing workflows. Proposers shall identify all software, middleware, APIs, licenses, professional services, and third-party costs required to complete and maintain the integration.

The Contractor shall describe the integration approach in detail, including data flow, validation processes, and any required middleware or APIs. Integration shall be included in all pricing and fully assumed by the contractor. Proposers shall identify previous successful integrations with Tyler Technologies, where applicable, and describe how compatibility with the City's Tyler environment will be demonstrated prior to final system acceptance.

8.0 Customer Engagement Platform

Proposers shall include optional pricing for a customer engagement platform that allows customers to access usage data, receive alerts, and monitor consumption patterns.

The platform shall be secure, user-friendly, and accessible via web and mobile interfaces. This platform shall hold capability to integrate with Tyler and AMI databases as well as hold ADA compliance.

9.0 Proposal Format & Content

Proposals shall be organized in a clear and logical manner and provide sufficient detail for the City to evaluate the proposed solution. Information should be presented concisely and should focus on the proposer's ability to successfully deliver and support the proposed Advanced Metering Infrastructure (AMI) system.

Proposals shall remain valid for a period of ninety (90) days following the proposal due date.

9.1 Executive Summary

Provide a summary of the proposed AMI solution, including the major benefits of the system, overall project approach, and any significant features or advantages offered to the City.

The Executive Summary should highlight key aspects of the proposed system, anticipated implementation schedule, and factors that distinguish the proposal from competing solutions.

9.2 Company Qualifications and Experience

Provide a description of the firm and its relevant experience implementing AMI systems. Identify the project manager and key personnel that will be assigned to the project and describe their anticipated roles and responsibilities.

The City places particular value on the experience and qualifications of the personnel who will be directly responsible for project implementation, system integration, and ongoing support.

Provide a minimum of three references for comparable municipal water AMI implementations. Where available, references should include experience with Tyler Technologies integration, phased AMI implementation, or transition from an existing AMR system. Include the utility name, approximate number of service connections, system installed, year of implementation, and current contact information.

For each comparable project identified, provide relevant project outcome information, including whether the project was completed within the original budget and schedule, the nature and value of significant change orders or contract amendments, whether required system performance and acceptance criteria were achieved, and any significant implementation challenges encountered. Proposers shall briefly explain the cause of any significant cost or schedule variances and how those issues were addressed. The City reserves the right to verify project performance information with the references provided.

9.3 Technical Approach

Describe the proposed AMI system and provide sufficient information for the City to evaluate the proposed solution.

At a minimum, the Technical Approach shall include:

1. A description of the proposed communication architecture and network design.
2. A description of major hardware components, including endpoints, collectors, gateways, antennas, network infrastructure, and any related equipment.
3. A description of the software platforms included in the proposal, including data management, reporting, analytics, and system administration tools.
4. A description of system capabilities including read frequency, data availability, alarm functions, reporting features, and operational analytics.
5. A description of the proposed integration approach with the City's Tyler Technologies (Incode) billing system.
6. A description of cybersecurity measures and data management practices used to protect system integrity and customer information.
7. A description of warranty provisions and available long-term software and hardware support options.
8. A description of the customer engagement portal and the benefits it presents to the end user.
9. A description of the proposed network to accommodate future devices such as leak detection equipment, pressure loggers, water quality monitoring equipment, and other smart-water technologies without substantial replacement of the underlying AMI network.

9.4 Meter Compatibility and Deployment Strategy

The City intends to maximize the use of existing infrastructure where practical and cost-effective.

Proposers shall evaluate the City's existing meter inventory and clearly identify:

1. Existing meters that can be retained and retrofitted.
2. Existing meters that require replacement.
3. Any limitations associated with retaining existing meters.
4. The proposed deployment strategy for achieving full AMI functionality throughout the service area.
5. If the proposer suggests the replacement of all meters for operability with their AMI platform, provide costs associated and approach with replacement of all City owned meters.

The proposer shall clearly state any assumptions used in developing the deployment strategy and cost proposal.

9.5 Implementation Plan

Provide a detailed implementation plan describing how the project will be executed from Notice to Proceed through final acceptance.

At a minimum, the Implementation Plan shall include:

1. Project kickoff and system design activities.
2. Equipment procurement and delivery.
3. Meter retrofit and replacement activities.
4. Endpoint installation and commissioning.
5. System integration and testing.
6. Possible pilot testing phase
7. Staff training.
8. Workshop for public to attend on customer engagement portal.
9. System startup and final acceptance.

The Implementation Plan shall include an anticipated project schedule and estimated installation rates.

9.6 Cost Proposal

Provide a detailed cost proposal identifying all costs associated with the project.

At a minimum, the Cost Proposal shall include:

1. Meter replacement costs.
2. Endpoint and transmitter costs.
3. Network infrastructure costs.
4. Software and licensing costs.
5. Installation costs.
6. Integration costs.
7. Training costs.
8. Warranty costs.
9. Annual support and maintenance costs.
10. Cellular communication costs, if applicable.
11. Customer portal costs.
12. Any recurring subscription fees.
13. Any additional costs required for the system to function as proposed.

The proposer shall also provide a Five-Year Total Cost of Ownership that identifies all anticipated capital costs, operating costs, maintenance costs, subscription fees, and support costs.

Proposers shall also provide an informational ten-year lifecycle cost projection identifying anticipated recurring software, licensing, communications, maintenance, support, hosting, and equipment replacement costs.

9.7 Exceptions

Any exceptions, assumptions, deviations, or alternate approaches shall be clearly identified within the proposal.

Requirements not specifically identified as exceptions shall be considered accepted by the proposer.

10.0 Evaluation Criteria

Proposals will be evaluated based on overall value to the City and not solely on lowest cost.

Proposals will be evaluated using the following criteria:

Evaluation Criteria	Points
Technical Compatibility, Interoperability and System Capabilities	25
Tyler Integration, Data Management and Cybersecurity	15
Implementation, Phasing and AMR/AMI Transition Approach	15
Company Experience, Proven Reliability and Reference	10
Cost and Lifecycle Cost of Ownership	20
Customer Engagement and Future Expansion Capabilities	10
Training, Warranty and Long-Term Support	5
Total	100

As part of the evaluation process, the City may shortlist Proposers and require interviews and/or system demonstrations. Demonstrations may include AMI software functionality, network management, Tyler integration, customer engagement tools, leak alerts, reporting, analytics, and other proposed system capabilities. Information obtained through interviews, demonstrations, references, and proposal clarifications may be considered in determining overall value to the City.

The City intends to award a contract to the proposer whose submission is determined to provide the best overall value and long-term benefit to the City.

11.0 Contract Terms

The City intends to enter into a performance-based Design-Build agreement with the selected proposer. The Contractor shall furnish all labor, materials, equipment, software, installation services, testing, commissioning, training, and support necessary to deliver a complete and fully operational AMI system.

The Contractor shall be responsible for obtaining all permits, licenses, and approvals required to perform the work and shall comply with all applicable federal, state, and local laws. The Contractor shall maintain insurance coverage consistent with applicable public agency requirements throughout the duration of the project.

All data generated by the AMI system shall remain the sole property of the City. The City shall have unrestricted access to system data and the ability to export data in commonly used, non-proprietary formats.

The Contractor shall provide a minimum one-year warranty covering equipment, installation workmanship, software configuration, system integration, and commissioning activities. Proposers shall identify any additional manufacturer warranty coverage available for meters, endpoints/ batteries, DCUs, network equipment and shall describe available support and maintenance programs beyond the warranty period, including annual costs, service levels, and response times. The contractor shall provide monthly check in for support of the program along the duration of the one year warranty period.

Proposers shall describe available technical support and service levels, including standard support hours, emergency or after-hours support, response times for critical system outages, escalation procedures, remote support capabilities, and availability of field support.

The City reserves the right to reject any or all proposals, waive informalities, request clarification of proposals, and negotiate final contract terms with the selected proposer.

12.0 Project Schedule

The City will establish a project schedule following contract award. The Contractor shall complete all work within a reasonable timeframe and minimize disruption to operations. The following schedule is provided for planning purposes and may be modified at the City's discretion.

Milestone	Date
RFP Issued	9/30/26
Deadline for Questions	11/4/26
Proposals Due	11/17/26
Proposals Evaluation	12/1/26
Contractor Selection	12/2/26
Contractor Award	12/14/26
Notice to Proceed	1/11/27

Following contract award, the selected Contractor shall prepare and submit a detailed project schedule identifying all major project activities and milestones.

At a minimum, the schedule shall include system design, procurement, installation, integration, testing, training, commissioning, and final acceptance activities.

Final system acceptance shall be subject to successful commissioning and demonstration of required system performance, including network coverage, required meter read success rate, Tyler Technologies integration and billing data validation, staff training, required documentation, and correction of identified deficiencies.

The selected Contractor shall develop a System Acceptance Testing Plan for City review and approval identifying testing procedures, performance criteria, and documentation required for final acceptance.

The Contractor shall provide periodic progress updates throughout the project and promptly notify the City of any issues that may affect project cost, schedule, or performance.

APPENDIX C - Sample Solvang Agreement

CITY OF SOLVANG **PROFESSIONAL SERVICES AGREEMENT**

PARTIES AND DATE. This Agreement is made and entered into **this 24th** day of November, **2025** ("Effective Date") by and between the **CITY OF SOLVANG**, a Municipal Corporation and Charter City organized under the Constitution and laws of the State of California with its principal place of business at 1644 Oak Street, Solvang, CA 93463 ("City") and **ATLAS PLANNING SOLUTIONS, a California Corporation**, with its principal place of business at 6578 Barranca Dr, Riverside, CA 92506 ("Consultant"). City and Consultant are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement. The parties hereto, in consideration of the mutual covenants contained herein, hereby agree to the following terms and conditions:

1.0 GENERAL PROVISIONS

1.01 **Term**: This agreement will become effective on the date of execution set forth below, and will continue in effect until terminated as provided herein.

1.02 **Services**: Consultant shall perform the **scope of work (tasks)** described and set forth in **Exhibit A**, attached hereto and incorporated herein as though set forth in full. Consultant shall complete the tasks according to the **project schedule** which is also set forth in **Exhibit A**.

Consultant shall determine the method, details and means of performing the above-referenced services.

Consultant may, at their own expense, employ such assistants and subconsultants, as Consultant deems necessary to perform the services required of Consultant by this agreement. However, Consultant may not assign this agreement to any other person or entity in the performance of required project-related services, and the City may not control, direct or supervise Consultant's assistants or employees in the performance of those services.

1.03 **Standard of Performance**: Consultant's services shall be performed in accordance with generally accepted professional practices and principles and in a manner consistent with the level of care and skill ordinarily exercised by members of Consultant's profession currently practicing under similar conditions. Whenever the scope of work requires or permits approval by the City, it is understood to be approval solely for the purposes of conforming to the requirements of the scope of work and not acceptance of any professional or other responsibility for the work. Such approval does not relieve the Consultant of responsibility for complying with the standard of performance or laws, regulations, industry standards, or from liability for damages caused by negligent acts, errors, omissions, noncompliance with industry standards, or the willful misconduct of Consultant or its subcontractors. By delivery of completed work, Consultant certifies that the work conforms to the requirements of this contract and all applicable federal, state and local laws. If Consultant is retained to perform services requiring a license, certification, registration or other similar requirement under California law, Consultant shall maintain that license, certification, registration or other similar requirement throughout the term of this Contract.

1.04 **Compensation**: In consideration for the services to be performed by Consultant, City agrees to pay Consultant monetary consideration for professional services in accordance with the **fee schedule** set forth in **Exhibit A**. The parties agree that total compensation for fees and costs for the services detailed in **Exhibit A** shall not exceed the sum of **\$181,221**, unless and until this Agreement is amended as provided herein.

1.05 **Billing/Payment Terms.** All charges for Consultant's services and authorized related reimbursable expenses shall be billed monthly, and all undisputed charges will be paid by City within 30 (thirty) days of receipt. The bills shall list all tasks under this Agreement, the task budget, project total budget, percentage completed for each task for that month, associated percentage billing against each task, and total billing for that month. In the event the Agreement is based on time & materials billing up to a not-to-exceed amount, the bill shall itemize by date all services and expenses provided during the invoice period (under this Agreement) including a brief description of the nature of work performed, the person or vendor performing them, the applicable billing rate, and the time expended. All Consultant service invoices must be approved by the City Manager prior to payment.

2.0 OBLIGATIONS OF CONTRACTOR

2.01 **Contract Management and Service Performance:** Principal shall serve as the project manager and will personally prepare, or direct and supervise the preparation of, all work product called for by this agreement. Consultant represents that it has the qualifications, experience and facilities to properly perform all services hereunder in a thorough, competent, timely, and professional manner and shall, at all times during the term of this Agreement, have in full force and affect all licenses required of it by law. Consultant agrees to devote the hours and the human resources necessary to timely perform the services set forth in this agreement in an efficient, professional, and effective manner.

2.02 **Avoidance of Conflict of Interest.**

(a) Consultant may represent, perform services for, and be employed by additional individuals or entities, in Consultant's sole discretion, as long as the performance of these extra-contractual services does not interfere with or present a conflict with City's business or interfere with the timely performance and completion of Consultant's services under this Agreement.

(b) Consultant shall comply with all conflict of interest laws and regulations including, without limitation, the City's Conflict of Interest Code (on file in the City Clerk's Office). All officers, employees and/or agents of Consultant who will be working on behalf of the City pursuant to this Agreement may be required to file Statements of Economic Interest. Therefore, it is incumbent upon the Consultant to notify the City of any staff changes relating to this Agreement.

(c) In accomplishing the scope of services of this Agreement, all officers, employees and/or agents of the Consultant unless as indicated in Subsection (d), will be performing a very limited and closely supervised function, and therefore, unlikely to have a conflict of interest arise. No disclosures are required for any officers, employees, and/or agents of Consultant, except as indicated in Subsection (d). _____ (Initials).

(d) In accomplishing the scope of services of this Agreement, Consultant will be performing a specialized or general service for the City, and there is substantial likelihood that the Consultant's work product will be presented, either written or orally for the purpose of influencing a governmental decision. As a result, the following persons shall be subject to the City's Conflict of Interest Code.

_____None_____

2.03 **Tools and Instrumentalities:** Consultant shall provide all tools and instrumentalities to perform the services under this agreement.

2.04 Workers' Compensation and Other Employee Benefits: City and Consultant intend and agree that Consultant is an independent contractor of City and agree that Consultant and Consultant's employees and agents have no right to Workers' Compensation and other City-sponsored employee benefits. Consultant agrees to provide Workers' Compensation and other employee benefits, where required by law, for Consultant's employees and agents. Consultant agrees to hold harmless and indemnify City for any and all claims arising out of any claim for injury, disability, or death of Consultant and any of Consultant's employees or agents.

2.05 Indemnification

(a) **Non-design, non-construction Professional Services:** To the fullest extent permitted by law (including, but not limited to California Civil Code Sections 2782 and 2782.8), Consultant shall indemnify, defend, and hold harmless the City, and its elected officials, officers, employees, volunteers, and agents ("City Indemnitees"), from and against any and all causes of action, claims, liabilities, obligations, judgments, or damages, including reasonable legal counsels' fees and costs of litigation ("claims"), arising out of the Consultant's performance or Consultant's failure to perform its obligations under this Agreement or out of the operations conducted by Consultant, including the City's active or passive negligence, except for such loss or damage arising from the sole negligence or willful misconduct of the City. In the event the City Indemnitees are made a party to any action, lawsuit, or other adversarial proceeding arising from Consultant's performance of this Agreement, the Consultant shall provide a defense to the City Indemnitees or at the City's option, reimburse the City Indemnitees their costs of defense, including reasonable legal fees, incurred in defense of such claims.

(b) **Non-design, construction Professional Services:** To the extent the Scope of Services involve a "construction contract" as that phrase is used in Civil Code Section 2783, this paragraph shall apply in place of paragraph (a). To the fullest extent permitted by law (including, but not limited to California Civil Code Sections 2782 and 2782.8), Consultant shall indemnify, defend, and hold harmless the City, and its elected officials, officers, employees, volunteers, and agents ("City Indemnitees"), from and against any and all causes of action, claims, liabilities, obligations, judgments, or damages, including reasonable legal counsels' fees and costs of litigation ("claims"), arising out of the Consultant's performance or Consultant's failure to perform its obligations under this Agreement or out of the operations conducted by Consultant, except for such loss or damage arising from the active negligence, sole negligence or willful misconduct of the City. In the event the City Indemnitees are made a party to any action, lawsuit, or other adversarial proceeding arising from Consultant's performance of this Agreement, the Consultant shall provide a defense to the City Indemnitees or at the City's option, reimburse the City Indemnitees their costs of defense, including reasonable legal fees, incurred in defense of such claims.

(c) **Design Professional Services:** In the event Consultant is a "design professional", and the Scope of Services require Consultant to provide "design professional services" as those phrases are used in Civil Code Section 2782.8, this paragraph shall apply in place of paragraphs (a) or (b). To the fullest extent permitted by law (including, but not limited to California Civil Code Sections 2782 and 2782.8) Consultant shall indemnify, defend and hold harmless the City and its elected officials, officers, employees, volunteers and agents ("City Indemnitees"), from and against all claims, damages, injuries, losses, and expenses including costs, attorney fees, expert consultant and expert witness fees arising out of, pertaining to or relating to, the negligence, recklessness or willful misconduct of Consultant, except to the extent caused by the sole negligence, active negligence or willful misconduct of the City. Negligence, recklessness or willful misconduct of any subcontractor employed by Consultant shall be conclusively deemed to be the negligence, recklessness or willful misconduct of Consultant unless adequately corrected by Consultant. In the event the City Indemnitees are made a party to any action, lawsuit, or other adversarial proceeding arising from Consultant's performance of

this Agreement, the Consultant shall provide a defense to the City Indemnitees or at the City's option, reimburse the City Indemnitees their costs of defense, including reasonable legal fees, incurred in defense of such claims. In no event shall the cost to defend charged to Consultant under this paragraph exceed Consultant's proportionate percentage of fault. However, notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, Consultant shall meet and confer with other parties regarding unpaid defense costs.

(d) Payment by City is not a condition precedent to enforcement of the indemnities in paragraph (a), (b), or (c). In the event of any dispute between Consultant and City, as to whether liability arises from the active negligence, sole negligence or willful misconduct of the City or its officers, employees, or agents, Consultant will be obligated to pay for City's defense until such time as a final judgment has been entered adjudicating the City as having been actively negligent, solely negligent or as having engaged in willful misconduct. Except as otherwise required by Civil Code Section 2782.8, Consultant will not be entitled in the absence of such a determination to any reimbursement of defense costs including but not limited to attorney's fees, expert fees and costs of litigation. The provisions of this Section 2.05 shall survive completion of Consultant's services or the termination of this Agreement.

2.06 **Insurance:** Consultant shall maintain prior to the beginning of and for the duration of this Agreement insurance coverage as specified in Exhibit B attached to and part of this agreement.

2.07 **Campaign Contribution Disclosure:** Pursuant to Government Code Section 84308, any party to a City proceeding (which includes, but is not limited to, all contracts with the City, other than competitively bid, labor, or personal employment contracts) must disclose on the record any campaign contributions made to a member of the City Council or other elected or appointed officer of the City, any candidate for elected office of the City, or any candidate for elective office of any other agency who is also an elected or appointed officer of the City in excess of \$500 in the past 12 months. This disclosure requirement includes contributions by the party's agent, such as a consultant, and aggregated contributions from persons or entities related to the party. Consultant is required to fill out and provide the attached Exhibit C 'Applicant/Interested Party Campaign Contribution Disclosure Form' with submission of this Agreement and to update this form after each contribution and no later than the beginning of any associated proceeding.

3.0 OBLIGATIONS OF CITY

3.01 **Cooperation:** City agrees to comply with all reasonable requests of Consultant necessary to the performance of Consultant's duties under this agreement. City employees, agents and officers of the City agree to disclose all information relevant to this project to Consultant. Consultant shall be entitled to reasonably rely upon the accuracy and completeness of information furnished by City, provided that Consultant shall give City prompt written notice of any known defects in such information.

4.0 TERMINATION OF AGREEMENT

4.01 **Termination Notice:** Notwithstanding any other provision of this agreement, any party hereto may terminate this agreement, at any time, without cause, by giving at least 30 (thirty) days' prior written notice to the other parties to this agreement.

4.02 **Termination on Occurrence of Stated Events:** This agreement shall terminate automatically on the occurrence of any of the following events:

- a. Sale of the business of any party;
- b. The end of the 30 (thirty) days as set forth in section 4.01;
- c. End of the contract to which Consultant's services were necessary; or
- d. Assignment of this agreement by Consultant without the consent of City.
- e. Death of any party.

4.03 **Termination by any Party for Default:** Should any party default in the performance of this agreement or materially breach any of its provisions, the non-breaching party, at its option, may terminate this agreement, immediately, by giving written notice of termination to the breaching party.

4.04 **Termination:** This agreement shall terminate on **June 30, 2027**, unless earlier extended as set forth in this Section. The City, with the agreement of Consultant, is authorized to extend the term of this agreement beyond the termination date, as needed, under the same terms and conditions as set forth in this agreement. Any such extension shall be in writing and be an amendment to this agreement.

5.0 SPECIAL PROVISIONS

5.01 **Additional Tasks as May Be Assigned by the City Manager:** Prior to initiating any Consultant work on matters relating to the purposes of this Agreement, but outside the Scope of Services for this Agreement, it shall be the responsibility of Consultant to obtain written approval of the City Manager, prior to initiation of such tasks.

5.02 **Time Schedule:** Consultant is to begin work upon receipt and execution of City contract. Consultant agrees to engage its best efforts to adhere strictly to the schedule set forth in **Exhibit A** and incorporated herein.

5.03 **Work Outside Contract Scope:** No payment for changed or additional work shall be made unless the changed or additional work has first been approved in writing by the City Manager and the parties have agreed upon the appropriate adjustment, if any, to the payment schedule and maximum payment amount for the changed or additional work. The Contract Manager may order changes or additions to the scope of work. Whether a change or addition to the scope of work is proposed by the Consultant or ordered by the City Manager, the parties shall in good faith negotiate an appropriate adjustment, if any, to the payment schedule and maximum payment for the changed or additional work. An approved change or addition, along with the payment adjustment, if any, will be effective upon an amendment to this contract executed by both parties. The amendment shall not render ineffective or invalidate unaffected portions of this contract.

5.04 **Confidentiality:**

- (a) Confidential Nature of Information. Consultant shall treat all information obtained from the City in the performance of this contract as confidential and proprietary to the City. Consultant shall treat all records and work product prepared or maintained by Consultant in the performance of this contract as confidential.
- (b) Limitation on use and disclosure. Consultant agrees that it will not use any information obtained as a consequence of the performance of work for any purpose other than fulfillment of Consultant's scope of work. Consultant will not disclose any information prepared for the City, or obtained from the City or obtained as a consequence of the performance of work to any person other than the City, or its own employees, agents or

subcontractors who have a need for the information for the performance of work under this contract unless such disclosure is specifically authorized in writing by the City.

- (c) **Security plan.** If requested by the City Manager, Consultant shall prepare a security plan to assure that information obtained from the City or as a consequence of the performance of work is not used for any unauthorized purpose or disclosed to unauthorized persons. Consultant shall advise the City of any request for disclosure of information or of any actual or potential disclosure of information.
- (d) **Survival.** Consultant's obligations under this paragraph shall survive the termination of this contract.

6.0 MISCELLANEOUS

6.01 **Notices:** Except as otherwise expressly provided by law, any and all notices or other communications required or permitted by this agreement or by law to be served on or given to any party to this agreement shall be in writing and delivered or, in lieu of such personal service, when deposited in the United States mail, first class postage prepaid, to the following address for each respective party:

PARTY	ADDRESS
TO: CITY OF SOLVANG	City of Solvang 1644 Oak Street Solvang, CA 93463 Attention: City Clerk
Copy to:	Chelsea O'Sullivan, City Attorney Richards, Watson & Gershon 847 Monterey Street, Suite 206 San Luis Obispo, CA 93401
TO: CONSULTANT	Atlas Planning Solutions 6578 Barranca Dr, Riverside, CA 92506 Aaron Pfannenstiel aaron@atlasplanning.org

6.02 **Governing Law:** This agreement and all matters relating to this agreement shall be governed by the laws of the State of California in force at the time, should any need for interpretation of this agreement or any decision or holding concerning this agreement arise.

6.03 **Binding Effect:** This agreement shall be binding on and shall inure to the benefit of the heirs, executors, administrators, successors and assigns of the parties hereto, but nothing in this Section shall be construed as consent by City to any assignment of this agreement or any interest in the agreement.

6.04 **Remedies:** The remedies set forth in this agreement shall not be exclusive, but shall be cumulative with, and in addition to, all remedies now or hereafter allowed by law or equity.

6.05 **Due Authority:** The parties hereby represent that the individuals executing this agreement are expressly authorized to do so on and in behalf of the parties.

6.06 **Ownership of Work Product:** Upon delivery, the work product, including without limitation, all original reports, writings, recordings, drawings, files, and detailed calculations

developed under this contract are the property of the City. Consultant agrees that all copyrights, which arise from creation of the work pursuant to this contract, shall be vested in the City and waives and relinquishes all claims to copyright or other intellectual property rights in favor of the City. City acknowledges that its use of the work product is limited to the purposes contemplated by the scope of work and that the Consultant makes no representation of the suitability of the work product for use in or application to circumstances not contemplated by the scope of work.

6.07. Integration and Modification:

- (a) This contract represents the entire understanding and agreement of the City and Consultant as to those matters contained herein. This agreement correctly sets forth the obligations of the parties hereto to each other as of the date of this agreement. All agreements or representations respecting the subject matter of this agreement not expressly set forth or referred to in this agreement are null and void. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This contract may not be modified, amended, or altered except in writing signed by the City and Consultant.
- (b) In the event of any conflict between the terms of this agreement and the terms of an exhibit, the terms of this agreement shall control, even if the exhibit purports to modify this agreement. In the event an exhibit incorporates by reference any additional physical documents, websites, web links or other electronic location not under the control of the City, the parties agree that such additional documents shall have no impact on this agreement and shall be deemed to be void unless actually attached to the exhibit that purports to incorporate such additional document. Notwithstanding the foregoing sentence, the provisions of Section 2.05 of this agreement shall not be altered, amended, limited or otherwise affected in any manner by any language included in an exhibit to this agreement, even if such exhibit purports to affect the provisions of Section 2.05. Furthermore, any attempt to limit liability to the City that is expressed in an exhibit shall have no force or effect unless City has expressly agreed to such limitation by providing the initials of its authorized representative here: _____.

6.08. Advice of Counsel: The parties agree that they are aware that they have the right to be advised by counsel with respect to the negotiations, terms, and conditions of this contract, and that the decision of whether or not to seek the advice of counsel with respect to this contract is a decision which is the sole responsibility of each of the parties hereto. This contract shall not be construed in favor or against either party by reason of the extent to which each party participated in the drafting of the contract.

6.09. Independent Review: Each party hereto declares and represents that in entering this contract it has relied and is relying solely upon its own judgment, belief and knowledge of the nature, extent, effect and consequence relating thereto. Each party further declares and represents that this contract is being made without reliance upon any statement or representation not contained herein of any other party, or any representative, agent, or attorney of any other party.

6.10. Attorney Fees: In the event of any controversy, claim or dispute between the parties hereto, arising out of or relating to this agreement, or the breach hereof, the prevailing party shall be entitled, in addition to other such relief as may be granted, to a reasonable sum as and for attorney fees.

6.11 No waiver: The waiver of any breach by any party of any provision of this agreement shall not constitute a continuing waiver or a waiver of any subsequent breach of this agreement.

6.12. **Assignment:** This agreement is specifically not assignable by Consultant to any person or entity. Any assignment or attempt to assign by Consultant whether it be voluntary or involuntary, by operation of law or otherwise, is void and is a material breach of this agreement, giving rise to a right to terminate as set forth in Section 4.03.

6.13. **Time for Performance:** Except as otherwise expressly provided for in this agreement, should the performance of any act required by this agreement to be performed by either party be prevented or delayed by reason by any act of God, strike, lockout, labor trouble, inability to secure materials, epidemics, pandemics, or any other cause, except financial inability, which is the fault of the party required to perform the act, the time for performance of the act will be extended for a period of time equivalent to the period of delay and performance of the act during the period of delay will be excused: provided, however, that nothing contained in this Section shall exclude the prompt payment by either party as required by this agreement of the performance of any act rendered difficult or impossible solely because of the financial condition of the party required to perform the act.

6.14 **Severability:** Should any provision of this agreement be held by a court of competent jurisdiction or by a legislative or rulemaking act to be either invalid, void or unenforceable, the remaining provisions of this agreement shall remain in full force and effect, unimpaired by the holding, legislation or rule.

6.15. **Construction:** The parties agree that each has had an opportunity to have their counsel review this agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in the interpretation of this agreement or any amendments or exhibits thereto. The captions of the sections are for convenience and reference only, and are not intended to be construed to define or limit the provision to which they relate.

6.16. **Amendments:** Amendments to this agreement shall be in writing and shall be made only with the mutual written consent of all the parties to this agreement.

6.17. **Signatures:** The individuals executing this contract represent and warrant that they have the legal capacity and authority to do so on behalf of their respective legal entities.

IN WITNESS WHEREOF, the parties have executed this contract on the following date.

EXHIBIT B

INSURANCE REQUIREMENTS

Prior to the beginning of and throughout the duration of the Work, Consultant will maintain insurance in conformance with the requirements set forth below. Consultant will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth here, Consultant agrees to amend, supplement or endorse the existing coverage to do so. Consultant acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds available to City in excess of the limits and coverage required in this agreement and which is applicable to a given loss, will be available to City.

Consultant shall provide the following types and amounts of insurance:

Commercial General Liability Insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01, or a City approved equivalent. Defense costs must be paid in addition to limits. There shall be no cross liability exclusion for claims or suits by one insured against another. Limits are subject to review but in no event less than \$1,000,000 per occurrence and in the aggregate.

Business Auto Coverage on ISO Business Auto Coverage form CA 00 01 including symbol 1 (Any Auto) or the equivalent. Limits are subject to review, but in no event to be less than \$1,000,000 per accident. If Consultant owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Consultant or Consultant's employees will use personal autos in any way on this project, Consultant shall provide evidence of personal auto liability coverage for each such person.

Workers Compensation on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000 per accident or disease.

Professional Liability or Errors and Omissions Insurance as appropriate shall be written on a policy form coverage specifically designed to protect against acts, errors or omissions of the consultant and "Covered Professional Services" as designated in the policy must specifically include work performed under this agreement. The policy limit shall be no less than \$1,000,000 per claim and in the aggregate. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend. The policy retroactive date shall be on or before the effective date of this agreement.

Insurance procured pursuant to these requirements shall be written by insurers that are admitted carriers in the state of California and with an A.M. Bests rating of A- or better and a minimum financial size VII.

General conditions pertaining to provision of insurance coverage by Consultant. Consultant and City agree to the following with respect to insurance provided by Consultant:

1. Consultant agrees to have its insurer endorse the third party general liability coverage required herein to include as additional insureds City, its officials, employees and agents, using standard ISO endorsement No. CG 2010 with an edition prior to 1992, or a City approved equivalent. Consultant also agrees to require all contractors, and subcontractors to do likewise.
2. No liability insurance coverage provided to comply with this Agreement shall prohibit Consultant, or Consultant's employees, or agents, from waiving the right of subrogation prior to a loss. Consultant agrees to waive subrogation rights against City regardless of the applicability of any insurance proceeds, and to require all contractors and subcontractors to do likewise.
3. All insurance coverage and limits provided by Consultant and available or applicable to this agreement are intended to apply to the full extent of the policies. Nothing contained in this Agreement

or any other agreement relating to the City or its operations limits the application of such insurance coverage.

4. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved of in writing.
5. Consultant's general liability policy shall not contain any provision or definition that would serve to eliminate so-called "third party action over" claims, including any exclusion for bodily injury to an employee of the insured or of any contractor or subcontractor.
6. All coverage types and limits required are subject to approval, reasonable modification and reasonable additional requirements by the City, as the need arises. Consultant shall not make any reductions in scope of coverage (e.g. elimination of contractual liability or reduction of discovery period) that may affect City's protection without City's prior written consent.
7. Proof of compliance with these insurance requirements, consisting of certificates of insurance evidencing all of the coverages required and an additional insured endorsement to Consultant's general liability policy, shall be delivered to City at or prior to the execution of this Agreement. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, City has the right, but not the duty, to obtain any insurance it deems necessary to protect its interests under this or any other agreement and to pay the premium. Any premium so paid by City shall be charged to and promptly paid by Consultant or deducted from sums due Consultant, at City option.
8. Certificate(s) are to reflect that the insurer will provide 30 days notice to City of any cancellation of coverage by the carrier.
9. It is acknowledged by the parties of this agreement that all insurance coverage required to be provided by Consultant or any subcontractor, is intended to apply first and on a primary, non-contributing basis in relation to any other insurance or self insurance available to City.
10. Consultant agrees to require that subcontractors, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage required of Consultant. Consultant agrees to monitor and review all such coverage and assumes responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with subcontractors and others engaged in the project will be submitted to City for review.
11. If Consultant's existing coverage includes a deductible or self-insured retention, the deductible or self-insured retention must be declared to the City. At that time the City shall review options with the Consultant, which may include reduction or elimination of the deductible or self-insured retention, substitution of other coverage, or other solutions. Consultant shall be responsible for paying any deductibles or self-insured retentions on its policies.
12. The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, the City will negotiate additional compensation proportional to the increased benefit to City.
13. For purposes of applying insurance coverage only, this Agreement will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or towards performance of this Agreement.

14. Consultant acknowledges and agrees that any actual or alleged failure on the part of City to inform Consultant of non-compliance with any insurance requirement in no way imposes any additional obligations on City nor does it waive any rights hereunder in this or any other regard.
15. Consultant will renew the required coverage annually as long as City, or its employees or agents face an exposure from operations of any type pursuant to this agreement. This obligation applies whether or not the agreement is canceled or terminated for any reason. Termination of this obligation is not effective until City executes a written statement to that effect.
16. Consultant shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Proof that such coverage has been ordered shall be submitted prior to expiration. A coverage binder or letter from Consultant's insurance agent to this effect is acceptable. A certificate of insurance and/or additional insured endorsement as required in these specifications applicable to the renewing or new coverage must be provided to City within five days of the expiration of the coverages.
17. The provisions of any workers' compensation or similar act will not limit the obligations of Consultant under this agreement. Consultant expressly agrees not to use any statutory immunity defenses under such laws with respect to City, its employees, officials and agents.
18. Requirements of specific coverage features or limits contained in this section are not intended as limitations on coverage, limits or other requirements nor as a waiver of any coverage normally provided by any given policy. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue, and is not intended by any party or insured to be limiting or all-inclusive.
19. These insurance requirements are intended to be separate and distinct from any other provision in this agreement and are intended by the parties here to be interpreted as such.
20. The requirements in this Section supersede all other sections and provisions of this Agreement to the extent that any other section or provision conflicts with or impairs the provisions of this Section.
21. Consultant agrees to be responsible for ensuring that no contract used between itself and its sub-consultants reserves the right to charge City or Consultant for the cost of additional insurance coverage required by this agreement. Any such provisions are to be deleted with reference to City. It is not the intent of City to reimburse any third party for the cost of complying with these requirements. There shall be no recourse against City for payment of premiums or other amounts with respect thereto.
22. Consultant agrees to provide immediate notice to City of any claim or loss against Consultant arising out of the work performed under this agreement. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve City.
